

### Before You Go To The Pharmacy

- Be sure to have your prescription filled at a pharmacy on the eVoucherRx™ network. You can find pharmacies near you online at <http://evoucherrx.relayhealth.com/StoreLookup>.

#### Call your insurance provider to confirm:

- Is my prescription covered by my insurance?
- Have I met my deductible so that I qualify for coverage?
- If covered, what should the cost be for 1 month supply?
- If my prescription was covered prior to January 1, 2021, are there recent changes that may have impacted my coverage.

### At The Pharmacy

- If the pharmacist tells you that your prescription is not in stock, ask to have it ordered. They should be able to get it to you within 24 hours.
- DO NOT** switch to a prescription that your doctor did not prescribe.
- Ask your pharmacist if they have a recurring refill program.
